Independent Auditor's Report

Board of Trustees New York City District Council of Carpenters Welfare Fund

Opinion

We have audited the accompanying financial statements of the New York City District Council of Carpenters Welfare Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of June 30, 2022 and 2021, and the related statements of changes in net assets available for benefits and plan benefit obligations for the years ended June 30, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of June 30, 2022 and 2021, and the changes in financial status for the years ended June 30, 2022 and 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of
 time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 24 through 45 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 46 through 50 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Independent Auditor's Report

Board of Trustees New York City District Council of Carpenters Welfare Fund

Opinion

We have audited the accompanying financial statements of the New York City District Council of Carpenters Welfare Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and plan benefit obligations as of June 30, 2022 and 2021, and the related statements of changes in net assets available for benefits and plan benefit obligations for the years ended June 30, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the Plan as of June 30, 2022 and 2021, and the changes in financial status for the years ended June 30, 2022 and 2021 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of
 time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 24 through 45 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information on pages 46 through 50 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies

The following description of the New York City District Council of Carpenters Welfare Fund (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan first became effective July 1, 1950 and is a welfare benefit plan established under an Agreement and Declaration of Trust pursuant to collective bargaining agreements between the District Council of New York and Vicinity of the United Brotherhood of Carpenters and Joiners of America (the "District Council") and various employers and employer associations in the construction industry in the New York Metropolitan Area. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.

Purpose

The purpose of the Plan is to provide health and other benefits to eligible participants.

Benefits

Benefits are paid by means of a trust and group insurance contracts. The benefits include, but are not limited to health care coverage with medical, hospital, prescription drug, dental, hearing, vision, disability, scholarship, vacation, accidental death & dismemberment, and life insurance benefits.

Participants consist of the following classes

Active participants and dependents

A participant achieves initial eligibility on the first day of the month after they have completed 250 hours in the previous calendar quarter. Continued eligibility is maintained by completing 250 hours of covered employment in the preceding quarter. Any additional hours worked above the required 250 hours may be added to the participant's accumulated eligibility credits (hours bank) for a later quarter. A participant may not accumulate eligibility credits in excess of 750 hours (maximum hours bank). Accumulated eligibility credits expire after nine months.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Participants consist of the following classes (cont'd)

Active participants and dependents cont'd

Participants are allowed to "buy" up to 50 hours per calendar quarter to make up the difference between total hours worked in covered employment and the 250 required hours. The cost of each missing hour is equivalent to the current hourly contribution rate for outside construction employers.

An individual on whose behalf contributions are currently required to be made to the Plan by an employer subject to a collective bargaining agreement with the Union is eligible for vacation benefits.

Retired participants and dependents

In order to be eligible for coverage as a retiree, the participant's employer or employers must have contributed to the Plan for the participant as an active employee, and they must satisfy one of the following three requirements:

The participant is at least 55 years old, has earned at least 30 vesting credits with the New York City District Council of Carpenters Pension Fund (the "Pension Fund"); or

The participant is at least 55 years old, has earned at least 20 vesting credits under the Pension Fund and, during the 60-month period immediately preceding the effective date of their pension is eligible as an active participant for at least 24 months; or

The participant is at least 55 years old, has 25 years with a minimum of 250 hours worked in covered employment each year, has earned at least 15 vesting credits under the Pension Fund and, during the 60-month period immediately preceding the effective date of their pension is eligible as an active participant for at least 24 months.

Retirees and their dependents are required to pay a monthly premium to maintain coverage. Total retiree contributions received for the years ended June 30, 2022 and 2021, included in the participant contributions on the Statement of Changes in Net Assets Available for Benefits, were \$3,321,968 and \$2,321,236, respectively. The monthly rate ranges from \$14 to \$117.

A participant will be permanently ineligible for retiree coverage if he/she works in disqualifying employment in any two months on or after July 1, 2019 in the fifteen years before he/she would otherwise be eligible for retiree coverage.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Participants consist of the following classes (cont'd)

Inactive participants and surviving dependents

Participants who fail to meet eligibility requirements may pay to extend coverage for a maximum period of 18 months. Qualifying spouses and dependents may pay to extend coverage for a maximum period of up to 36 months.

Disability participants

A participant achieves initial disability eligibility if they receive short-term disability or Workers' Compensation benefits under applicable state law and are an eligible active employee. The individual must satisfy two requirements in order to be eligible for continued Welfare Fund coverage during periods of disability: (1) receipt of a Phase 1 Disability Pension from the New York City District Council of Carpenters Pension Fund (the "Pension Fund"), and (2) must have accrued a minimum of 5 Vesting Credits from the Pension Fund.

For the period after the end of the first 24 months of disability, the individual must satisfy two requirements in order to be eligible for continued Welfare Fund coverage during periods of disability: (1) receipt of a Phase II Disability Pension from the Pension Fund, and (2) must have accrued a minimum of 20 Vesting Credits from the Pension Fund.

Municipal participants

Active participants covered by the municipal employees contract with the City of New York are eligible from the date of hire to the date of termination. Retired municipal employees are eligible for limited retiree health benefits if the City of New York makes retiree contributions to the Plan on behalf of the individual.

Temporary extension of eligibility in response to COVID-19

The Trustees approved a temporary extension of benefit eligibility, by crediting all eligible participants with 250 hours (excluding retirees) so that they may continue their coverage through the third quarter of 2020. In addition, retiree premiums were waived for the months of August through October 2020.

Plan termination

The Trustees expect and intend to continue the Plan indefinitely, but reserve the right to amend or terminate it as provided for by the applicable Trust Agreement and Plan provisions. If the Plan is terminated, trust assets will be used to pay all expenses under the terms of the Plan in the order of priority specified in the Plan and as otherwise required by law.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Basis of accounting

The financial statements are presented on the accrual basis of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. See "Fair value measurements" footnote for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Administrative expense allocation

The administrative office is occupied by the Plan and various related organizations. Certain expenses not specifically applicable to a particular entity are allocated based on the estimated benefit received by each entity. Amounts reported as receivable from related organizations or payable to related organizations generally include balances for shared expenses.

Reimbursements received from related organizations for the years ended June 30, 2022 and 2021 were \$12,222,802 and \$11,867,319, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Postretirement benefits obligations

Although the Plan has calculated and reported a postretirement benefit obligation, this amount is based on the assumption that the Plan will continue in its current form and that the Trustees will continue to provide benefits to retired participants. However, such benefits do not vest, and the Trustees reserve the right to amend the Plan to modify or discontinue any benefits. The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the Plan to participants' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated participants and their beneficiaries and dependents, and (2) active participants and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Plan's participating employers and from existing trust assets. Prior to an active participant's full eligibility date, the postretirement benefit obligation is the portion of the expected benefit obligation that is attributed to that participant's service in the industry rendered to the valuation date.

The present value of the expected postretirement benefit obligation is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The 2022 valuation assumption changes decreased obligations by \$657,600,000, which was the net result of (1) a decrease in obligations due to revising the mortality rate assumptions, and (2) a decrease in obligations due to raising the discount rate.

The 2021 actuarial experience gain decreased obligations by \$61,100,000, which was the net result of gains and losses due to demographic changes.

The 2021 valuation assumption changes decreased obligations by \$746,300,000, which was the net result of (1) a decrease in obligations due to revising the valuation-year per capita health costs and the future trend on such costs, and (2) a decrease in obligations due to raising the discount rate from 2.50% to 2.75%.

The following were other significant assumptions used in the valuation as of June 30, 2022 and 2021:

Discount rate 2022: 4.40%

2021: 2.75%

NOTES TO FINANCIAL STATEMENTS

Actives' retirement age Graded from 30% at age 55 to a long term

rate of 100%

Inactives' retirement age Graded from 40% at age 55 to a long term

rate of 100%

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Postretirement benefits obligations (cont'd)

Health trend rates - hospital and medical 2022: Pre-65: 7.75% in 2023 graded to 4.5%

over 13 years

2022: Post-65: Claims are \$0 through 2024, then \$25 in 2025, then \$50 in 2026 with trends 5% graded to 4.5% over 2 years

2021: Pre-65: 8.00% in 2022 graded to

4.50% over 14 years

2021: Post-65: Claims are \$0 in 2022, and estimated to increase to \$25 in 2023, \$50 in 2024 then trended 5.00% graded to 4.50%

over 14 years

Health trend rates - prescription drug 2022: 8.25% in 2023 graded to 4.5% over 15

years

2021: 8.50% in 2022 graded to 4.50% over

16 years

Administrative expense increase rate 3.0%

The foregoing assumptions are based on the premise that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Projected retiree contributions for the covered areas expected to fund a portion of the Plan's estimated cost of providing postretirement benefits as of June 30, 2022 and 2021 were \$38,200,000 and \$47,400,000, respectively. Accumulated postretirement benefit obligations have been reported net of these amounts.

The average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point, it would increase the obligation as of June 30, 2022 and 2021 by \$308,900,000 and \$478,800,000, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 1 - Description of Plan and Significant Accounting Policies (cont'd)

Other Plan benefits

Estimated claims payable and claims incurred but not reported are based on payments made in the subsequent plan year which pertain to prior plan years.

Plan obligations for accumulated eligibility of active participants are estimated annually at June 30th, based on historical claims cost data and projected claims for active participants' future claims. Such estimated amounts are reported in the accompanying statement of the Plan's benefit obligations at present value. Although the Plan has calculated and reported an obligation for accumulated eligibility, this amount is based on the assumption that the Plan will continue in its current form and that the Trustees will continue to provide benefits to active participants. However, such benefits do not vest, and the Trustees reserve the right to amend the Plan to modify or discontinue benefits. The amount reported as the accumulated eligibility obligation represents the estimated present value of those estimated future benefits that are attributed by the terms of the Plan to active participants' service rendered through June 30th.

Medicare Part D

The Medicare Prescription Drug Improvement and Modernization Act of 2003 (the "Act") provides for a federal subsidy to sponsors of retiree health care benefit plans providing a benefit that is at least actuarially equivalent to Medicare Part D. Under the Act, for multiemployer plans, any Medicare subsidy is received directly by the Plan and not the individual employers participating in the Plan. The Plan's accumulated postretirement benefit obligation has been reported net of the Medicare subsidy related to benefits attributed to past service.

The Plan's retiree prescription drug benefit, net of the Medicare subsidy and rebates, for the years ended June 30, 2022 and 2021, was \$21,935,525 and \$20,728,139, respectively. The total Medicare subsidy received during the years ended June 30, 2022 and 2021 was \$13,204,776 and \$13,414,330, respectively.

Note 2 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices, in active markets, for identical assets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 2 - Fair value measurements (cont'd)

Level 2 inputs to the valuation methodology include: quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 inputs are generally based on the best information available, which may include the reporting entity's own assumptions and data.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

U.S. government securities: U.S. Treasury notes are valued at the closing price reported on the active market on which the individual securities are traded. Other U.S. government and agency obligations are valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate debt instruments and municipal bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

Registered investment companies: Valued at the closing price reported in the active market in which the securities are traded.

Loans (other than participant loans): Value based on the valuation methods of the underlying securities described above.

Investments measured at net asset value: Partnership/joint venture interests, common/collective trust funds and 103-12 investment entities' values are estimated by the management of the investment entities.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 2 - Fair value measurements (cont'd)

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments, as of June 30, 2022, with fair value measurements on a recurring basis:

		2022	_	Level 1		Level 2		Level 3
Investments at fair value U.S. government securities Corporate debt instruments Loans (other than participant	\$	89,105,518 151,310,099	\$	57,459,844 -	\$	31,645,674 151,310,099	\$	- -

Total assets in the fair value hierarchy		385,897,407	\$ <u>_</u>	188,371,419	\$_	197,525,988	\$ <u></u>	
Investments measured at net asset value	_	490,381,768						
Investments at fair value	\$_	876,279,175						

Note 3 - Cash

At times throughout the year the Plan may have, on deposit in banks, amounts in excess of FDIC insurance limits. The Plan has not experienced any losses in such accounts and the Trustees believe it is not exposed to any significant credit risks.

Note 4 - Loans (other than participant loans)

The Plan has an agreement with its custodial bank authorizing the bank to lend securities held in the Plan's account to third parties. The bank must obtain collateral from the borrower in the form of cash, letters of credit issued by an entity other than the borrower, or acceptable securities. Both the collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are fully collateralized at all times. The collateral held is reported as both an asset and a liability in the financial statements.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 4 - Loans (other than participant loans) (cont'd)

Although the Plan's securities lending activities are collateralized as described above, they involve both market and credit risk. In this context, market risk refers to the possibility that the borrowers of securities will be unable to collateralize the loan upon a sudden material change in the fair value of the loaned securities or the collateral. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts.

Income earned for the years ended June 30, 2022 and 2021 was \$27,467 and \$7,632, respectively.

The fair value of securities loaned by the Plan was \$11,891,580 and \$11,552,548 as of June 30, 2022 and 2021, respectively. The fair value of the collateral held by the Plan was \$12,237,651 and \$11,902,312 as of June 30, 2022 and 2021, respectively. Securities loaned are presented as loans (other than participant loans) in the investments fair value portion of the balance sheet.

Note 5 - Partnerships

The U.S. Real Estate Investment Fund, LLC (the "U.S. REIF") is a limited liability company and an open-end, commingled real estate investment fund intended to have an indefinite term. The U.S. REIF's investment objectives are to invest in a pool of real estate assets that are diversified by geography and property type, with a focus on yield-driven investments and, to a lesser extent, on value-added investments. The real estate investments of the U.S. REIF are stated at estimated fair value and are reviewed and adjusted quarterly. Redemptions can occur, upon written notice to Intercontinental Real Estate Corporation (the manager), effective as of the last day of the quarter following the quarter during which the U.S. REIF receives the notice of redemption, as liquid assets permit. To the extent that liquid assets are insufficient to satisfy all requests, the requests will be redeemed on a pro rata basis as liquid assets become available. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$42,485,690 and \$33,282,877, respectively.

Note 6 - Common/collective trusts funds

State Street MSCI ACWI ex USA Index Non-Lending Common Trust Fund ("MSCI ACWI NL") is maintained by State Street Global Advisors Trust Company, who serves as trustee, recordkeeper and investment manager. MSCI ACWI NL's investments in securities, including derivative instruments, are valued at fair value each business day. The per unit net asset value is determined each business day. Issuances and redemptions of units may be made on such days, based upon the closing market value on the valuation date of the investments bought or sold and the net asset value per unit. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$59,286,257 and \$53,252,864, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 6 - Common/collective trusts funds (cont'd)

State Street U.S. Treasury Inflation Protected Securities (TIPS) Index Non-Lending Common Trust Fund ("TIPS Index NL") is maintained by State Street Global Advisors Trust Company, who serves as trustee, recordkeeper and investment manager. TIPS Index NL's investments, including derivative instruments, are valued at fair value each business day. The per unit net asset value is determined each business day. Issuances and redemptions of units may be made on such days, based upon the closing market value on the valuation date of the investments bought or sold and the net asset value per unit. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$61,002,463 and \$76,357,900, respectively.

Longview Broad Market 3000 Index Fund ("Longview 3000") is a tax-exempt, nonregistered diversified index fund. It was established effective September 20, 2012, by Amalgamated Bank ("Amalgamated") as one of the investment options offered by the Investment Management Division of Amalgamated to private trusts exempt from federal income tax. Longview 3000 is under the exclusive management and control of Amalgamated. The net asset value is determined at the close of each business day, which excludes admissions and withdrawals that were executed on that day and not settled until the next business day. Admissions and withdrawals may, at the option of Amalgamated, be made in cash or in-kind or partly in cash and partly in-kind. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$104,357,840 and \$102,027,397, respectively.

The NHIT Core Plus Full Discretion Trust (the "NHIT Full Discretion Trust") is a common collective trust fund. Redemptions may be made, in whole or in part, on any valuation date as of the transaction cutoff time. Loomis Sayles Trust Company, LLC (the "NHIT Trustee") may restrict additions and withdrawals for the accounts of "market timers" if more than two purchases and sales are made for the Subscriber's account over a 90-day interval, as determined by the NHIT Full Discretion Trust. The NHIT Trustee has the right to reject the admission to the NHIT Full Discretion Trust of any prospective investor, or redeem the units of any investor, including the admission or continuation of a person who would cause the NHIT Fixed Income Full Discretion Trust to be required to register as an investment company under the Investment Company Act or the units to be required to be registered under the Securities Act. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$100,341,383 and \$120,136,277, respectively.

Note 7 - 103-12 Investment entities

Western Asset Total Return Unconstrained (TRU) Bond, L.L.C. ("Western Asset") was formed on July 1, 2004 and is a Delaware Limited Liability Company. Western Asset invests substantially all of its assets in the Western Asset Total Return Unconstrained (TRU) Bond Master Fund, Ltd. ("WA Master Fund"). The WA Master Fund is organized as an exempted company under the laws of the Cayman Islands. The net asset value is determined on the relevant Dealing Day. A Dealing Day is every business day on which federal, state or local banks are open for business in New York and the New York Stock Exchange is open for trading. Issuances and redemptions are made on such days, based upon the closing net asset value. Subject to certain limitations, a shareholder may redeem all or a portion of its shares upon 15 business days' prior written notice to Western Asset. Redemption proceeds may be payable in cash or in kind as deemed appropriate. The estimated fair value of the Plan's investment as of June 30, 2022 and 2021 was \$51,645,161 and \$58,699,752, respectively.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 8 - Investment commitments

As of June 30, 2022, the Plan has total future capital commitments with various investment managers to invest a total of \$25,745,000.

Note 9 - Party-in-interest transactions

Certain Plan investments are held by the manager of the investment; therefore, transactions relating to those investments qualify as exempt party-in-interest transactions and are identified as such on the supplemental schedules of investments.

Note 10 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The actuarial present value of benefit obligations are reported based on certain assumptions pertaining to interest rates, health care inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

Note 11 - Lease commitments

The New York City District Council of Carpenters Pension Fund (the "Pension Fund"), a related organization, is party to a lease agreement, expiring on July 31, 2027, with 395 Hudson New York, LLC. Under the terms of the agreement, the Pension Fund will pay rent plus escalation charges for real estate taxes and occupancy expenses for office space on the ninth floor at 395 Hudson Street, New York. Effective May 1, 2016, the lease was amended to include office space on the fifth floor.

The Plan's portion of occupancy expenses for the years ended June 30, 2022 and 2021 was \$1,147,624 and \$1,041,926, respectively.

Rent and escalation charges are allocated between the Plan, the Pension Fund and all other related organizations based on the estimated benefit received. For the years ended June 30, 2022 and 2021, the Plan's share of total occupancy expenses was approximately 53% and 51%, respectively.

Note 12 - Employers' contributions

In accordance with collective bargaining agreements and participation agreements, employers are required to make contributions to the Plan on behalf of employees performing covered work. Employer contributions are generally based on an hourly rate or quarterly contributions as determined by the Plan's actuary.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 12 - Employers' contributions (cont'd)

In March 2020, the COVID-19 outbreak in the United States caused business disruption through government mandated closings in the construction industry negatively impacting the Plan's employers' contributions income. Due to the uncertainty regarding the duration of these business disruptions, the financial impact cannot be reasonably estimated at this time.

Note 13 - Benefit obligations compared to net assets available for benefits

	2022	2021
Net assets available for benefits Plan's total benefit obligations	\$ 787,538,656 2,285,200,000	\$ 875,696,004 2,879,700,000
Plan's total benefit obligations over net assets available for benefits	\$ <u>(1,497,661,344</u>)	\$ <u>(2,004,003,996</u>)

The Plan's benefit obligations over net assets available for benefits as of June 30, 2022 and 2021 relate primarily to the postretirement benefit obligation, the funding of which is not explicitly covered by the contribution rate provided by the current bargaining agreement. Such postretirement benefits have been historically funded from current contributions for active participants, and the Trustees may choose to continue this "pay as you go" funding, or the Trustees may seek to increase contributions or reduce benefits.

Note 14 - Reconciliation of financial statements to Form 5500

For financial statement purposes, claims payable and claims incurred but not reported are presented on the Statement of Plan Benefit Obligations. This differs from the reporting requirements of the Department of Labor which requires that these liabilities be shown on the Statement of Net Assets Available for Benefits.

The following is a reconciliation of the net assets available for benefits reported on the financial statements to the net assets available for benefits reported on Form 5500:

	_	2022		2021
Net assets available for benefits per the financial statements Less: claims payable and claims incurred but not reported	\$ _	787,538,656 64,200,000	\$_	875,696,004 68,100,000
Net assets available for benefits as reported on Form 5500	\$_	723,338,656	\$_	807,596,004

The net increase (decrease) in net assets available for benefits is also affected by the difference in the reporting requirements related to benefit obligations. For financial statement purposes the change in benefit liabilities between two years is shown on the Statement of Changes in Plan Benefit Obligations. For Form 5500 purposes this change is included in benefits paid.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2022 AND 2021

Note 14 - Reconciliation of financial statements to Form 5500 (cont'd)

For financial statement purposes, investment expenses are reported as a reduction of investment income. The reporting requirements of the Department of Labor require these fees be shown as administrative expenses.

For financial statement purposes, certain reimbursements are reported as Medicare drug subsidy. The reporting requirements of the Department of Labor require these amounts be reported as other income.

The following is a reconciliation of the reclassifications:

	Per Financial Statements Reclassification Per Form 5500	<u>) </u>
Investment (loss) Contributions COBRA subsidy Medicare drug subsidy Other income	\$ (48,359,170) \$ 1,519,903 \$ (46,839,267,385,984,889 - 385,984,889,1,331,641,13204,776,176,532,176,176,176,176,176,176,176,176,176,176	9 } }
Total additions	<u>352,338,668</u> <u>1,519,903</u> <u>353,858,571</u>	<u> </u>
Benefits paid to or for participants Administrative expenses	428,429,096 (3,900,000) 424,529,096 12,066,920 1,519,903 13,586,823	
Total deductions	440,496,016 (2,380,097) 438,115,919	<u>}</u>
Net (decrease)	\$ <u>(88,157,348</u>) \$ <u>3,900,000</u> \$ <u>(84,257,348</u>	<u>3</u>)

In addition to the above reclassifications, the Plan's investments have been reclassified for Form 5500 purposes in accordance with the Department of Labor's plan asset regulations. See the Schedule Reconciling the Statement of Net Assets Available for Benefits to Form 5500 on page 46.

Note 15 - Tax status

The trust funding the Plan has received an exemption letter from the IRS dated November 1, 1951, stating that the trust is tax exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code ("IRC"). The Plan and trust are required to operate in conformity with the IRC to maintain the tax exempt status of the trust. The Trustees believe that the Plan, including amendments, is being operated in compliance with the applicable requirements of the IRC and, therefore, believe the related trust is tax exempt.

NEW YORK CITY DISTRICT COUNCIL OF CARPENTERS WELFARE FUND SCHEDULE OF INTEREST BEARING CASH

Less benefit obligations currently payable					_	64,200,000
Net assets available to benefits Form 5500					\$	723,338,656

The Plan's holdings in various investments were determined to be plan assets for Form 5500 purposes. This schedule reconciles audited financial statement amounts, plus the Plan's share of amounts provided by the investment managers to the Form 5500 Schedule H amounts. In addition, for financial statement purposes, claims payable and claims incurred but not reported are presented on the Statement of Plan's Benefit Obligation. This differs from the reporting requirements of the Department of Labor which requires that these liabilities be shown on the Statement of Net Assets Available for Benefits.

Total benefit fund revenue		353,858,571		488,819,991
% Administrative expenses / revenue		6.20 %	1	4.34 %

Variances

- (1) Legal expense varies based on legal counsels' billable hours.
- (2) Accounting expense varies based on billable hours for payroll audits performed each year.
- (3) Travel and conference expense increased due to increase in travel subsequent to the pandemic.
- (4) Printing and postage increased due to the printing and mailing of the Plan's new Summary Plan Description.
- (5) Office expenses fluctuate based on the needs of the Plan.

DIRECTIVE 12 - SCHEDULES OF ADMINISTRATIVE EXPENSES

YEARS ENDED JUNE 30, 2022 AND 2021

- (6) Temporary services fluctuate based on the staffing needs of the Plan.
- (7) Scholarship administrative expenses increased because there was a scholarship luncheon during the current year, but no luncheon in the prior year.
- (8) Security expense increased due to an increase in rates and services as there were government mandated closings in the prior year.
- (9) Investment and custodial services expenses increased due to increase in certain retainer fees and the timing of the payments.
