

# What Health Needs Matter Most To Your Community?

## Make Your Voice Heard by June 30<sup>th</sup>

Memorial Sloan Kettering Cancer Center is conducting a Community Health Needs Assessment (CHNA) survey to better understand the important health issues facing the communities we serve. We invite you to participate in this anonymous 10-minute survey to provide input on the health needs that matter most to you and your neighbors. Results from this survey will help MSK develop a plan to meet the health needs of your community in partnership with local organizations. We will share the survey results on our website, [mskcc.org](https://mskcc.org), at the end of the year in our 2022-2024 Community Health Needs Assessment and Community Service Plan.

Include your voice in the CHNA Survey at [gnyhasurveys.org/CHNA2022](https://gnyhasurveys.org/CHNA2022) or by scanning the QR code below.

The CHNA survey closes **June 30, 2022**. It is open to everyone residing in New York, New Jersey, and Connecticut.

For questions, please contact [communityaffairs@mskcc.org](mailto:communityaffairs@mskcc.org).

Thank you for taking the time to make your voice heard on behalf of your community!
