Learn which screenings are right for you and how to get started.

Don't Wait for Symptoms

Many cancers have no warning signs until they are advanced. Early detection can save lives, improve treatment outcomes, and help you stay healthy for yourself and your family.

That's why the NYCDCC Benefit Funds is launching the "**This Is Not A Drill**" Cancer Screening Initiative and a dedicated cancer screening resource page at: [NYCCBF.ORG/CANCER](https://nyccbf.org/cancer)

No-Cost Cancer Screenings

Eligible NYCDCC members and dependents who meet screening guidelines can receive recommended in-network cancer screenings at no cost.

Early detection often means:

- Better treatment outcomes
- More treatment options
- Less invasive procedures
- Improved quality of life
- Greater peace of mind

What Screenings May Be Right for You?

Recommended screenings may include:

Colorectal Cancer

- Colonoscopy and other screening tests

Breast Cancer

- Mammograms and related screenings

Cervical Cancer

- Pap tests and HPV screening

Lung Cancer

- Screening for eligible current and former smokers

Prostate Cancer

- PSA testing and physician consultation

Your age, family history, medical history, and other risk factors may affect which screenings are appropriate for you.

Personalized Screening Recommendations in Less Than Five Minutes

Not sure which screenings you need?

Through our partnership with Memorial Sloan Kettering, members can complete a brief online assessment and receive personalized screening recommendations based on their individual risk factors.

The assessment takes only a few minutes and can help you understand which screenings may be appropriate for you.

What You'll Find on the New Cancer Screening Webpage

At [NYCCBF.ORG/CANCER](https://www.nyccbf.org/cancer), you can:

- Learn about recommended cancer screenings
- Access personalized screening recommendations
- Find in-network providers and scheduling resources
- Learn about cancer prevention and risk factors
- Access contact information for healthcare partners and support resources
- Stay informed through future screening awareness campaigns

Over the Coming Months

The Benefit Funds will continue providing educational resources and reminders focused on:

- Colorectal Cancer Screening
- Breast Cancer Screening
- Cervical Cancer Screening
- Lung Cancer Screening
- Prostate Cancer Screening
- Cancer Prevention and Early Detection

Our goal is simple:

Help NYCDCC members and their families stay healthy through preventive care and early detection.

Need Help?

If you need assistance finding a provider or scheduling a screening, contact:
